- does not have a TransferProhibited status,
- does not expire soon (We recommend starting the transfer process at least 1 month prior to the domain's expiration date),

The transfer's completion requires your confirmation (by e-mail).

Upon successfully transferring a domain, the registration period is extended by one year.

The owner change process requires paper forms (Gandi's owner change form and proofs of identity).

The owner change of a .PRO domain name does not change the domain's Expiration date.

Section .PRO.9. Deletion process

Upon the Expiration of the domain, We suspend (Hold) the domain name for 45 days, during which time all associated technical services are deactivated. Late renewal at normal price is possible during this period.

Then, the domain name is placed in Quarantine status and can be restored, in accordance with the terms and conditions described on Our website and/or as communicated by Our customer service department. The length of the Quarantine period is 30 calendar days.

If the domain is neither renewed nor restored within these deadlines, the Registry shall place the domain on "Pending Delete" status for several days, and then delete the domain name, which will become available for registration under the "first-come first-served" basis.
