version 1.14 of March 30th, 2016

In addition to Gandi Corporate Special Conditions and Gandi's General Terms and Conditions for domain name registration, the registration and use of a domain name in the extensions mentioned above imply the acceptance of and compliance to the present special conditions contained herein.

All Your legal information and contracts are presented to You at the time of the subscription to Our Services. Capitalized terms have the definition attributed to them in Our General Terms and Conditions of Domain Name Registration. Specifically, "You" refers to the owner of the domain name, and "We" designates Gandi.

Article 1. Description of the service

In the framework of its Gandi Corporate service, Gandi allows You to register Your domain name in the additional extensions mentioned above only available to Our Gandi Corporate customers. The following diagram presents the various parties involved in the providing of this service.

When You apply to register a domain name in one of the proposed extensions, You acknowledge that You have fully understood, and that You certify to have full knowledge of and that You agree to abide by all the rules and specific conditions of the extension chosen, as defined by the Trustee Authority and/or the Registry concerned. These contracts are binding between You and the Trustee Authority and/or the Registry.

Registration and management of the proposed extensions is done manually by Gandi and the Trustee Authority, the Registry and/or the Service Provider concerned and they are therefore subject to processing times which may vary from a few hours/days to several weeks. Gandi allows You to place Your orders directly on Our site and to manage Your domain names under these extensions in Your Gandi interface, however, Your requests and/or changes are not automatically transmitted to the corresponding Trustee Authority, Registry and/or Service Provider and will not take effect until the Trustee Authority, the Registry and/or the Service Provider have received and validated them.

In accordance with Our Contracts, You agree to provide and maintain accurate, reliable and up-to-date personal contact information, failing this, the Trustee Authority, the Registry and/or the Service Provider concerned can delete Your domain name or refuse its registration. You also accept that the Trustee Authority, the Registry and/or the Service Provider concerned can access Your personal contact information and display it in the public Whois database.

Article 2. Registration and transfer procedure

Registering and transferring a domain name under one of the aforementioned extensions is done directly on the Gandi interface and then manually by Gandi at the Trustee Authority, the Registry or the Service Provider concerned on Your behalf. Consequently the registration or the transfer of Your domain name will not be immediately effective upon Your placing an order on Our site. Gandi will forward Your application for registration or transfer to the Trustee Authority, the Registry or the Service Provider concerned within two (2) working days after confirmation of Your order on Our site.

Given that registration and transfer of a domain name under these extensions is handled manually, the time needed to validate and process Your application by the Trustee Authority, the Registry and/or the Service Provider can vary from several hours to several weeks after delivery of Your application by Gandi to the Trustee Authority, the Registry or the Service Provider corresponding to Your request. Moreover, according to each extension's specific rules, the registration may be subject to requirements including timely submission of a form and/or other documents to Gandi, which We will submit to the Trustee Authority, the Registry or the Service Provider within one (1) business day of Your reply. In this case We will notify You by email of the documents necessary to complete Your request. Registration or transfer of Your domain name will be effective only upon receipt and validation of these documents by the Trustee Authority, the Registry and/or the Service Provider in question.

Article 3. Administrative and technical management

Management (modification of personal data, contacts and DNS, renewal ...) of these domain names is also done manually. Your changes and/or operations performed on Our site are not processed automatically nor are they immediately effective, Gandi transmits these on Your behalf to the Trustee Authority, the Registry or the Service Provider concerned within two (2) business days. The time needed to validate and process Your application by the Trustee Authority, the Registry and/or the Service Provider can vary from several hours to several weeks after the transmission of Your request and/or changes by Gandi to the Trustee Authority, the Registry or the Service Provider corresponding to the extension.

These modifications and/or operations may also require the submission of a form and/or justifying documents to Gandi which We transmit to the Trustee Authority, the Registry or the Service Provider concerned within one (1) business day of Your reply. In this case We will notify You by email of any documents necessary to complete Your request. Changes and/or operations will be effective only upon receipt and validation of these documents by the Trustee Authority, the Registry and/or the Service Provider concerned.

To avoid the deletion of a domain name, renewal of Your domain names in the proposed extensions must be paid for and completed no later than forty (40) days before the expiration date. Given that the renewal is carried out manually at the Trustee Authority, the Registry and/or the Service Provider, We recommend You initiate Your renewal application well before the deadline in order to account for potential delays in processing Your application and payment method. You will be notified by email 60 days, 30 days, 15 days and 1 day before the renewal deadline.

Article 4. Gandi Disclaimer

You acknowledge that We may not be held liable, notably, in the following cases:

- unavailability of the domain name upon the submission of the application for registration by Gandi to the Trustee Authority, the Registry or the Service Provider concerned, or upon the submission of the application for registration by the Service Provider to the Trustee Authority and/or the Registry,
- inability or refusal by a Trustee Authority, a Registry or a Service Provider to grant a domain name for which You have placed

- an order on Our website or by other instructions,
- delays before the actual registration or transfer, and/or the application of changes requested directly on Our website or via Your instructions,
- refusal by the Trustee Authority, the Registry or the Service Provider of any requested operation or if the change is no longer technically possible when Gandi requests it on Your behalf at the Trustee Authority, the Registry or the Service Provider, or when the Service Provider requests it at the Trustee Authority and/or the Registry,
- failure of an operation for reasons beyond Gandi's control and despite Our diligence,
- for DNS changes, delays before change is applied and service interruption after the modification is submitted, given that these changes are processed manually.

Article 5. Particular case of .IR and .SY extensions

Consistent with import, export and trade restrictions administered and applied by the Office of Foreign Assets Control of the United States of America's Department of the Treasury, You acknowledge, and further accept, We are not allowed and We shall not process orders for domain name registrations under .IR and .SY extensions if:

- You place Your registration application order through Gandi's US based company; or if
- You are a United States citizen (natural person) or represent an organization of any type (legal person) incorporated in the United States of America or if You are or represent any type of person located on United States soil or territories.

You acknowledge We may not be held liable for the denial, refusal, cancellation of Your order to register any .IR or .SY domain name consistent with these trade regulations. You also acknowledge We may deactivate any .IR or .SY domain name registered by You upon discovering, at any time after Your registration, Your situation matches one or more of the aforementioned conditions.
