You acknowledge that the owner of the domain name will be contacted by the .HIV Registry as far as the micro-donation platform is concerned. The micro-donation platform helps you to set up Your domain name in such a way that the more web users click on your website the more is given to charity programs.

Section .HIV.5. Sunrise

5.1 Eligibility rules

Only owners of a trademark registered with the trademark rights protection mechanism “**TMCH**” (Trademark Clearinghouse) established by ICANN are eligible to make a request during the Sunrise period.

As a TMCH trademark agent, Gandi can proceed with the registration of Your trademarks with TMCH (service reserved to Our Corporate customers, please contact Our [Corporate team](#)).

Eligibility conditions concerning the registration of a trademark with TMCH and the applicable rules are available at the following address: <http://www.trademark-clearinghouse.com/downloads>

Once Your trademark has been validated, TMCH generates one or several "labels" strictly identical to Your trademark.

Upon the submission of Your trademark with TMCH, You can choose the Sunrise service, provided that Your trademark has been validated by TMCH. The Sunrise service includes:

- generating a “SMD” (Signed Mark Data) file that proves the validation of Your trademark and allows You to make a registration request during the Sunrise period for one or several domain names strictly identical to the “label(s)” generated, provided that You comply with the eligibility conditions and rules enacted by the Registry,
- sending notifications (NORNs) that inform You of the registration of a domain name identical to Your trademark by a third party during the Sunrise period.

During Your registration request on Our interface, You must upload Your “SMD” file for verification.

5.2 Allocation rules

Sunrise applications are reviewed on a “first-come first-served” basis.

When a domain name is allocated to You in Sunrise period, the third parties that are the owners of an identical mark registered within TMCH are notified of Your registration.

5.3 Dispute resolution

Any dispute relative to the validation of Your trademark with TMCH must be submitted in accordance with the dispute resolution procedure established by TMCH:

<http://www.trademark-clearinghouse.com/dispute>

Any dispute arising from the allocation of a domain name during the Sunrise period must be submitted in accordance with the dispute resolution procedure established by the Registry that You agree fully abide by:

<http://new.dothiv-registry.net/contentful/q9io9aiddk4/SunriseDisputeResolutionPolicy-19LL8FVpnMqi8Aqieiy2u-en-1.pdf>

5.4. Refund Conditions

In any case, You will not be entitled to receive any refund if Your application is rejected (“SMD” file invalid or revoked ...) or if the domain name is not granted to You (domain name granted to another person during an auction, if a third party has successfully challenged the domain name registration ...).

Section .HIV.6. “Trademark Claim Notice” period

In accordance with ICANN rules, during 90 days upon general opening, a “Trademark Claim Notice” period will run.

During this period if the domain name for which You requested registration is identical to a trademark that is registered and validated with TMCH (according to the “labels” generated), You will receive a warning notice (“Trademark Claim Notice”) in real time on Our interface informing You that a third party has rights to the domain name You requested.

You must confirm or cancel Your registration request, with full knowledge of the notice and its consequences. It being specified that if You do not confirm the notice, Your request will not be sent to the Registry.

If You confirm Your registration request, third parties who own an identical mark are notified of Your registration.

For requests made in preregistration, beginning one day prior to the opening of the period concerned, Gandi will notify You by email of the “Trademark Claim Notice” and Your registration request will be put in “error” until You confirm or cancel Your registration via Our interface. It being specified that, in accordance with ICANN rules, if You do not confirm the notice, Gandi will not send Your registration request to the Registry upon the opening of the concerned period and cannot, in any case, be held liable for the non-registration of Your domain name and particularly if the domain name is registered by a third party who has validated the “Trademark Claim Notice” upon the opening of the period concerned.

It is Your sole and entire responsibility to confirm, if You want, all the notices received before the opening of the concerned period and the sending of Your request to the Registry.

Section .HIV.7. Reserved names and premium domain names

Some words are reserved or prohibited:

<http://www.icann.org/en/about/agreements/registries/hiv> (specification 5. schedule of reserved names), names containing two characters followed by two hyphens and names beginning or ending by a hyphen are not allowed.

The registration of "premium" domain names is not available on Our interface, You would need to contact Our customer service department for this.

For requests made in preregistration, if the domain name You have preregistered is a "premium" domain name, Your request will be put in "error" and You will be notified by email. Then You will be able to either pay the additional costs applicable to "premium" domain names in order to validate Your registration request or cancel Your request. It being specified that if You do not contact Our customer service department and do not pay the additional costs applicable to "premium" domain names, Your registration request will be not sent to the Registry.

Section .HIV.8. Registration term

The registration term is 3 years for requests made during the Sunrise period, and from 1 to 10 years for requests made during the general opening. To avoid any deactivation of the domain name, the renewal must be paid and funds cleared **before the Expiration date**.

Section .HIV.9. Pricing

Our prices may be viewed at:

<https://www.gandi.net/domain/price/detail/hiv>

"Premium" domain names are subject to specific prices that will be communicated by Our customer service department upon request.

Section .HIV.10. Storage of contact information

In application of ICANN contracts, all personal and technical information associated with the registration of Your domain name is recorded and made available to ICANN and IRON MOUNTAIN (ICANN's designated Registrar Data Escrow agent), in addition to messages pertaining to each registration or modification, during the entire duration of the registration of the domain name, plus the two following years.

You accept that the Registry can access Your personal contact information and display it in the public [Whois](#) database.

Section .HIV.11. Dispute resolution policy

The transfer's completion requires Your confirmation (by e-mail).

Upon successfully transferring a domain, the registration period is extended by one year.

Section .HIV.13. Ownership change

The ownership change process is available on Our Interface and requires the confirmation of both parties by e-mail.

The owner change of a domain name does not change the domain's expiration date.

Section .HIV.14. Deletion process

Upon the Expiration of the domain, We suspend (Hold) the domain name for 45 days, during which time all associated technical services are deactivated. Late renewal at normal price is possible during this period.

Then the domain goes into Redemption Period for an additional 30 days, and all associated technical services are deactivated. It can only be restored during this period in accordance with the terms and conditions described on Our website and/or as

communicated by Our customer service department.

If the domain is neither renewed nor restored within these deadlines, the Registry shall place the domain on "Pending Delete" status for several days, and then delete the domain name, which will become available for registration on a "first-come first-served" basis.

Section .HIV.15. Registrant representations and guarantees

You agree to provide and maintain accurate, reliable and up-to-date personal contact information. Failing to do so, the Registry may delete Your domain name.

By submitting a registration or modification request You acknowledge that:

- You must immediately correct and update the registration information for Your domain name during registration term for the registered name

In addition, by submitting a request during the Sunrise period, You acknowledge that the Registry and/or its agents are authorized to share information relating to Your request to TMCH, other Sunrise applicants, and/or any third party.

against any and all claims, damages, liabilities, costs and expenses, including reasonable legal fees and expenses, arising out of or relating to Your domain name registration unless it is shown that Registry's acts constituted wilful misconduct or gross negligence. This indemnification obligation survive the termination or expiration of this agreement.

Section .HIV.16. Exclusion of liability and actions of the Registry

You expressly acknowledge and accept that the Registry shall be entitled, that it deems necessary, in its sole and entire discretion, but not obligated, to reject, delete, suspend, transfer to a third party or place in "lock" status, "hold" status or similar status Your domain name:

- to protect the integrity and stability of the Registry
