

Special Conditions for extensions manually managed through Gandi's Corporate Service specific to the extensions

.AE, .BY, .GH, .IL, .KR, .MA, .NG, .QA, .RS, .SN, .TH, .TO, .бел (.xn--90ais)

version 1.17 of June 21st, 2017

In addition to Gandi Corporate Special Conditions and Gandi's General Terms and Conditions for domain name registration, the registration and use of a domain name in the extensions mentioned above imply the acceptance of and compliance to the present special conditions contained herein.

All Your legal information and contracts are presented to You at the time of the subscription to Our Services. Capitalized terms have the definition attributed to them in Our General Terms and Conditions of Domain Name Registration. Specifically, "You" refers to the owner of the domain name, and "We" designates Gandi.

Article 1. Description of the service

In the framework of its Gandi Corporate service, Gandi allows You to register Your domain name in the additional extensions mentioned above only available to Our Gandi Corporate customers, via one of Our partners, DOMGATE. The following diagram presents the various parties involved in the providing of this service.

When You apply to register a domain name in one of the proposed extensions, You acknowledge that You have fully understood, and that You certify to have full knowledge of and that You agree to abide by all the rules and specific conditions of the extension chosen, as defined by the Trustee Authority and/or the Registry concerned.

These contracts are binding between You and the Trustee Authority and/or the Registry. The special conditions contained herein do not replace these rules, but rather form part of them. You acknowledge to have fully understood and accepted these rules.

Registration and management of the proposed extensions is done manually by Gandi with the Service Provider concerned and they are therefore subject to processing times which may vary from a few hours/days to several weeks. Gandi allows You to place Your orders directly on Our site and to manage Your domain names under these extensions in Your Gandi interface, however, Your requests and/or changes are not automatically transmitted to the Service Provider and will not take effect until the Trustee Authority, the Registry and the Service Provider have received and validated them.

In accordance with Our Contracts, You agree to provide and maintain accurate, reliable and up-to-date personal contact information, failing this, the Trustee Authority, the Registry and/or the Service Provider concerned can delete Your domain name or refuse its registration. You also accept that the Trustee Authority, the Registry and/or the Service Provider concerned can access Your personal contact information and display it in the public Whois database.

Our prices can be viewed at: <http://www.gandi.net/domain/price/info>

Some domain names are categorized as premium names that are subject to a specific pricing. This categorization and the specific pricing are known by Gandi only at the time we order Your registration request at the Registry level. In that case, Gandi will inform You before to finalized Your registration request at the Registry level and You will be able to pay the additional fees to confirm Your registration request or to cancel Your order and be refunded.

Please note that under some proposed extensions, the modification of the contacts and/or the DNS associated to Your domain name is charged by the Registry concerned and/or DOMGATE, consequently You agree to paid to Gandi the costs related to these changes (please contact Our Corporate team for futher information in particular about prices).

Article 2. Registration and transfer procedure

Registering and transferring a domain name under one of the aforementioned extensions is done directly on the Gandi interface and then manually by Gandi at the Service Provider concerned on Your behalf. Consequently the registration or the transfer of Your domain name will not be immediately effective upon Your placing an order on Our site. Gandi will forward Your application for registration or transfer to the Service Provider concerned within two (2) working days after confirmation of Your order on Our site.

Given that registration and transfer of a domain name under these extensions is handled manually, the time needed to validate and process Your application can vary from several hours to several weeks after delivery of Your application by Gandi to the Service Provider corresponding to Your request. Moreover, according to each extension's specific rules, the registration may be subject to requirements including timely submission of a form and/or other documents to Gandi, which We will submit to the Service Provider within one (1) business day of Your reply. In this case We will notify You by email of the documents necessary to complete Your request. Registration or transfer of Your domain name will be effective only upon receipt and validation of these documents by the Trustee Authority, the Registry and/or the Service Provider in question.

Article 3. Administrative and technical management

Management (modification of personal data, contacts and DNS, renewal ...) of these domain names is also done manually. Your changes and/or operations performed on Our site are not processed automatically nor are they immediately effective, Gandi transmits these on Your behalf to the Service Provider concerned within two (2) business days. The time needed to validate and process Your application by the Trustee Authority, the Registry and/or the Service Provider can vary from several hours to several weeks after the transmission of Your request and/or changes by Gandi to the Service Provider.

These modifications and/or operations may also require the submission of a form and/or justifying documents to Gandi which We transmit to the Service Provider concerned within one (1) business day of Your reply. In this case We will notify You by email of any documents necessary to complete Your request. Changes and/or operations will be effective only upon receipt and validation of these documents by the Trustee Authority, the Registry and/or the Service Provider concerned.

Given that the renewal is also carried out manually at the Service Provider, We recommend You initiate Your renewal application well before the deadline in order to account for potential delays in processing Your application and payment method. You will be notified by email 60 days, 30 days, 15 days and 1 day before the renewal deadline.

Article 4. Gandi Disclaimer

You acknowledge that We may not be held liable, notably, in the following cases:

- unavailability of the domain name upon the submission of the application for registration by Gandi to Service Provider concerned, or upon the submission of the application for registration by the Service Provider to the Trustee Authority and/or the Registry,
 - inability or refusal by a Trustee Authority, a Registry or a Service Provider to grant a domain name for which You have placed an order on Our website or by other instructions,
 - delays before the actual registration or transfer, and/or the application of changes requested directly on Our website or via Your instructions,
 - refusal by the Trustee Authority, the Registry or the Service Provider of any requested operation or if the change is no longer technically possible when Gandi requests it on Your behalf at the Service Provider, or when the Service Provider requests it at the Trustee Authority and/or the Registry,
 - failure of an operation for reasons beyond Gandi's control and despite Our diligence,
 - for DNS changes, delays before change is applied and service interruption after the modification is submitted, given that these changes are processed manually.
