The .BERLIN domain name launch will occur in 2 phases: Sunrise and general opening.

The Sunrise phase will run from February 14th 2014 to March 16th 2014. General opening is scheduled for March 18th 2014. These dates are not definitive and are subject to change by the Registry.

Preregistrations during both the Sunrise and general opening phases are available at Gandi: domain names can be ordered at that time, but will not yet be registered or reserved.

Section .BERLIN.4. Special requirements

.BERLIN special requirements are available at:
<http://www.gandi.net/domain/berlin/info>

.BERLIN domain names are open to anyone. **However the owner, administrative or technical contact must provide an address in Berlin.**

The administrative contact must be an individual who is authorised to act for the domain name owner and to take decisions concerning the management of the domain.

In accordance with the Registry rules, Your .BERLIN domain name must be activated and used within 12 month following its registration (website, redirection or email address). If You publish a website under Your .BERLIN domain name or if Your .BERLIN domain name redirects to an other website, the content of this website must be related to Berlin.

Section .BERLIN.5. Sunrise

5.1 Eligibility rules

Only owners of a trademark registered with the trademark rights protection mechanism “[TMCH](#)” (Trademark Clearinghouse) established by ICANN are eligible to make a request during the Sunrise period.

As a TMCH trademark agent, Gandi can proceed with the registration of Your trademarks with TMCH (service reserved to Our Corporate customers, please contact Our [Corporate team](#)).

Eligibility conditions concerning the registration of a trademark with TMCH and the applicable rules are available at the following address: <http://www.trademark-clearinghouse.com/downloads>

Once Your trademark has been validated, TMCH generates one or several "labels" strictly identical to Your trademark.

Upon the submission of Your trademark with TMCH, You can choose the Sunrise service, provided that Your trademark has been validated by TMCH. The Sunrise service includes:

- generating a “SMD” (Signed Mark Data) file that proves the validation of Your trademark and allows You to make a registration request during the Sunrise period for one or several domain names strictly identical to the “label(s)” generated, provided that You comply with the eligibility conditions and rules enacted by the Registry,
- sending notifications (NORNs) that inform You of the registration of a domain name identical to Your trademark by a third party during the Sunrise period.

During Your registration request on Our interface, You must upload Your “SMD” file for verification.

5.2 Allocation rules

The domain names will be allocated on a “first-come first-served” basis but will only resolve at the end of the Sunrise period.

When a domain name is allocated to You in Sunrise period, the third parties that are the owners of an identical mark registered within TMCH are notified of Your registration.

5.3 Dispute resolution

Any dispute relative to the validation of Your trademark with TMCH must be submitted in accordance with the dispute resolution procedure established by TMCH:
<http://www.trademark-clearinghouse.com/dispute>

Any dispute arising from the allocation of a domain name during the Sunrise period must be submitted in accordance with the dispute resolution procedure established by the Registry that You agree fully abide by:
<http://dotberlin.de/files/u4/BERLIN-Sunrise-Dispute-Resolution-Policy-SDRP.pdf>

5.4. Refund Conditions

In any case, You will not be entitled to receive any refund if Your application is rejected (eligibility criteria not met, “SMD” file invalid or revoked ...) or if the domain name is not granted to You (if a third party has successfully challenged the domain name registration ...).

Section .BERLIN.6. “Trademark Claim Notice” period

In accordance with ICANN rules, during 90 days upon the general opening, a “Trademark Claim Notice” period will run.

During this period if the domain name for which You requested registration is identical to a trademark that is registered and validated with TMCH (according to the “labels” generated), You will receive a warning notice (“Trademark Claim Notice”) in real time on Our interface informing You that a third party has rights to the domain name You requested.

You must confirm or cancel Your registration request, with full knowledge of the notice and its consequences. It being specified that if You do not confirm the notice, Your request will not be sent to the Registry.

If You confirm Your registration request, the third parties that are the owners of an identical mark are notified of Your registration.

For requests made in preregistration, beginning one day prior to the general opening, Gandi will notify You by email of the “Trademark Claim Notice” and Your registration request will be put in “error” until You confirm or cancel Your registration via Our interface. It being specified that, in accordance with ICANN rules, if You do not confirm the notice, Gandi will not send Your registration request to the Registry upon the general opening and can not, in any case, be held liable of the non-registration of Your domain name and particularly if the domain name is registered by a third party who has validated the “Trademark Claim Notice” upon the general opening.

It is Your sole and entire responsibility to confirm, if You want, all the notices received before the general opening and the sending of Your request to the Registry.

Section .BERLIN.7. Reserved names and premium domain names

Some words are reserved or prohibited:

- reserved domain name policy:

- names containing two characters followed by two hyphens and names beginning or ending by a hyphen are not allowed.

Section .BERLIN.8. Registration term
