### Section .GG/.JE.7. Transfer (change of Registrar)

The process is started on Our Interface. Before requesting the transfer of the domain, please be sure that You have the domain's authorization code supplied by Your current Registrar (if no auth code is supplied the transfer has to be approved by the losing Registrar), and that Your domain name:

- does not have a TransferProhibited status,
- does not expire soon (We recommend that you start the transfer request at least one month prior to its Expiration).

The transfer's completion requires Your confirmation (by e-mail).

Upon successfully transferring a domain, the registration period is extended by one year.

### **Section .GG/.JE.8. Ownership change**

The ownership change process is available on Our Interface, it requires the confirmation of the two parties by e-mail.

The owner change of a .GG or a .JE domain name does not change the domain's Expiration date.

### **Section .GG/.JE.9. Deletion process**

**Upon the Expiration of the domain**, We suspend (Hold) the domain name for 30 days, during which time all associated technical services are deactivated. Late renewal at normal price is possible during this period.

Then the domain goes into Redemption Period for an additional 5

days. It can only be restored during this period in accordance with the terms and conditions described on Our website and/or as communicated by Our customer service department.

After these periods the domain name may still be restored manually at the Registry level for an approximately additional 5 days period, please contact Our customer department. An additional fee will be requested by the Registry.

**If the domain is neither renewed nor restored within these deadlines, either the Registry will delete the domain name, which will become available for registration on a “first come first served” basis, or the domain name will be retained by the Registry and may become available on auction at the Registry entire and sole discretion.**
